
Oklahoma: Business Request for Designation as an Essential Business During COVID-19 Closure

Description of Program and Relief

The Governor of Oklahoma has issued Oklahoma Executive Order 2020-07, which requires all non-essential businesses located in a county experiencing community spread of COVID-19 to close. Many businesses are already classified as essential. No further action is required if an industry is classified as essential. If not already considered essential, business owners may request their industry be considered for inclusion as an essential business.

Government or Lead Agency

Oklahoma Department of Commerce

Dates Available

Effective immediately

Eligibility Requirements/Restrictions

A listing of counties experiencing community spread of COVID-19 is [here](#). A listing of businesses that are considered essential and may remain open during the closure are [here](#). They include, for example, healthcare services, grocery stores, food manufacturing, energy, and many others. Requests by businesses to be designated as essential should only be made if they are not covered in the listing linked above. Requests may be submitted [here](#).
