Annual Compliance Obligations Not Tied to a Specific Date

Activity	Legal Basis for Compliance	Notes
Annual Review of Compliance Policies and Procedures.	Rule 206(4)-7 under the Investment Advisers Act of 1940 (the “Advisers Act”) requires a registered investment adviser to review annually the adequacy of its written compliance policies and procedures and the effectiveness of their implementation.	The Advisers Act does not specify a date for the annual review.
Annual Training of Compliance Personnel.	As a matter of best practice under Advisers Act Rule 206(4)-7, an investment adviser’s Chief Compliance Officer (“CCO”) should ensure that all relevant personnel receive annual training covering compliance policies and procedures.	The Advisers Act does not specify a date for the annual training or specific topics to address.
Annual Amendment to Form D .	Securities Act Rule 503(a) requires an issuer that has sold securities in an offering based on a claim of exemption from registration under Rule 506 of Regulation D to file a notice of an exempt offering of securities on Form D with the SEC. Notice must be filed within 15 days after the first sale of securities in the offering. A previously filed Form D must be amended: (i) annually, on or before the first anniversary of the most recent previously filed notice, if the offering is continuing at that time; (ii) to correct a material mistake of fact or error in the previously filed notice, as soon as practicable after discovery of the mistake or error; and (iii) to reflect a change in the information provided in the previously filed notice, except in limited circumstances, as soon as practicable after the change.	Form D notices and amendments are filed with the SEC online using the SEC’s EDGAR (electronic data gathering, analysis, and retrieval) system.
Annual Bring-Down of “Bad Actor” Representations (only applicable for ongoing offerings relying on Rule 506 under the Securities Act of 1933 (the “Securities Act”).)	Securities Act Rule 506(d)/Compliance & Disclosure Interpretations Question 260.14 requires an issuer to determine whether bad actor disqualification under Rule 506(d) applies any time an issuer is offering or selling securities in reliance on Rule 506 of Regulation D. If an offering is continuous or long-lived (e.g., a typical hedge fund offering), the issuer must update its factual inquiry periodically through the bring-down of representations, questionnaires and certifications, negative consent letters, periodic re-checking of public databases, and other steps, depending on the circumstances.	Rule 506 does not require a specific date for the bring-down. Best practices suggest at least on an annual basis.
Annual Holdings Report.	Advisers Act Rule 204A-1 requires “access persons” to submit a report of current securities holdings to the investment adviser’s CCO at least once per 12-month period.	Rule 204A-1 does not specify the date for the annual holdings reports. However, the information submitted must be current as of a date no more than 45 days prior to the date that the annual holding reports became due.
Employee Certifications/Attestations.	As a matter of best practices under Advisers Act Rule 206(4)-7, an investment adviser’s CCO should ensure that all relevant personnel covered under the adviser’s compliance manual and code of ethics submit timely certifications acknowledging that employees have read and understand their obligations under the compliance manual and code of ethics and certify/attest to specific information such as disciplinary history (i.e., to address questions in Part 1 of Form ADV, Item 11), outside business activities, or other employee-related conflicts of interest.	The Advisers Act does not specify a date for how frequently certifications/attestations should be completed. Best practices suggest at least on an annual basis, or more frequently, as required by the relevant policy.

Privacy Policy Notices.	<p>Regulation S-P under the Gramm-Leach-Bliley Act (the “GLBA”) requires investment advisers to provide annually, during the continuation of the relationship, clear and conspicuous notice to “customers” (i.e., private fund investors who are natural persons) regarding the adviser’s privacy policies and procedures. The GLBA no longer requires financial institutions to provide annual privacy notices if they only share nonpublic personal information with third parties in a manner that does not trigger an opt-out right and have not changed their policies and practices from those disclosed in the most recent privacy notice provided to the customer.</p>	<p>Regulation S-P does not specify the date by which the privacy policies must be sent, but they must be provided at least every 12 months or upon the occurrence of any material changes to such privacy policies.</p>
Incident Response Program.	<p>The Safeguards Rule of Regulation S-P under the GLBA, as amended in 2024, requires investment advisers to develop and adopt an incident response program as part of their written policies and procedures under Regulation S-P. This response program must include procedures for the adviser to: (i) assess the nature and scope of any incident involving unauthorized access to or use of customer information and identify the customer information systems and types of customer information that may have been accessed or used without authorization; (ii) take appropriate steps to contain and control the incident to prevent further unauthorized access to or use of customer information; and (iii) notify each affected individual whose sensitive customer information was, or is reasonably likely to have been, accessed or used without authorization, unless the adviser determines, after a reasonable investigation of the facts and circumstances of the incident of unauthorized access to or use of sensitive customer information, that the sensitive customer information has not been, and is not reasonably likely to be, used in a manner that would result in substantial harm or inconvenience.</p>	<p>“Large advisers” (i.e., registered investment advisers with more than \$1.5 billion regulatory assets under management) must be in compliance with the Regulation S-P amendments by December 3, 2025. All other advisers must be in compliance by June 3, 2026.</p>
Annual New Issues Certification.	<p>Financial Industry Regulatory Authority, Inc. (“FINRA”) Rules 5130 and 5131 require FINRA members to obtain representations from private funds of their eligibility to acquire “new issues.” If a private fund intends to invest in “new issues,” the private fund manager should send an annual “new issues” questionnaire and certification to all private fund investors to obtain and/or confirm investors’ “exempted person,” “restricted person,” and “covered person” status.</p>	<p>Annual representations may be obtained through use of negative consent. FINRA rules do not specify the date by which the certification must be sent, but it must be obtained at least every 12 months.</p>
